ABHINAV ASHISH

STUDENT

abhinavashish4@gamail.com

As a Computer Science Engineering student in my fourth year of studies, my objective is to secure an internship or co-op opportunity that will allow me to apply and enhance my technical skills in a real-world setting. I am seeking a position in a dynamic organization where I can work on challenging projects and collaborate with experienced professionals in the field. My ultimate goal is to gain valuable industry experience, develop a strong professional network, and prepare myself for a successful career in computer science engineering.

SKILLS

- JAVA * * * *
- PYTHON ★ ★ ★
- Android Development(Flutter) ★ ★ ★
- HTML,CSS,|AVASCRIPT ★ ★ ★ ★

PROJECTS

• Indian Currency Detection 🔊

Note App 🔗

This is a Flutter note-taking app that integrates with Firebase for authentication and data storage. It allows users to create and manage notes, and it includes login, registration, and password reset features.

• Portfolio 🔗

My portfolio website showcases a collection of my best work, displaying my skills and expertise in a visually appealing and user-friendly manner. It highlights my achievements, experience, and showcases my ability to create impactful designs and interactive experiences.
